

COMMUNITY CENTER – THE UNITY NOOK

Location

The site is located in hillbrow, ellis park, johannesburg
It is on Joe slovo drive and it is near Berae park, as well as Lily avenue. The site is also near the Ponte apartments.

The site is quiet, the tower doesnt cast any shadows onto the site, because it is south of the site. The site surface is mainly flat exept on the egde of the site where it dips in deep.

Site Section BB

Theme: safety and unity

	Floor plan	Elevation	Section	Section	3D
Started with blocks • Spread it out altering opening space for movement					
Got the placement of my buildings • Creating a puzzle • Piece fitting • Pieces fitting nicely while casting out empty spaces	 	 	 	 	
Adding second level to some of the buildings • Adding second floors to multiple buildings	 	 	 	 	
Adding roofs					
Adding stairs and bridge to resemble all different connections • Made bridge leading from first to second floor and to different buildings	 	 	 	 	
• Adding roofs					
Adding stairs and bridge to resemble all different connections • Made bridge leading from first to second floor and to different buildings	 	 	 	 	

We were tasked this designing a community center.
our site was located in Hillbrow, so i wanted to create a safe environment for the public.
